Register Today for HLPAs Wood Design Seminar

The Hawaii Lumber Products Association (HLPAs) presents a wood design seminar on April 15 and 16, 2008 for architects, engineers, contractors and others involved in wood construction at the Ala Moana Hotel.

Day one's seminar focuses on topics specific to wood-based construction designs while the second day involves familiarization with WFCM design wood frame buildings for high wind and seismic loadings.

For information and registration materials please log on to the [Hawaii Lumber Product Association](http://www.hlpas.com) website or call them at (808) 541-WOOD. Registration is due by March 31, 2008.
